Cortez Hill Family Center (\$646,697) ESG - \$446,697 SDHC - \$200,000	The Cortez Hill Family Center (CHFC) is a 90-day case-managed transitional shelter for homeless children and their parents. The CHFC is owned by the City of San Diego and has been operated by the YWCA of San Diego since 2001. The purpose of the program is to reduce the prevalence of family homelessness in San Diego by providing homeless families with the resources they need to secure employment and permanent or long-term transitional housing within 90 days. To accomplish these goals, the CHFC staff offers each family a variety of supportive services including case management, counseling, chemical dependency assessments and counseling, parenting classes and career assistance. The FY 2009 recommended amount represents a 1.8% increase in funding to be utilized for increased case management services.
Homeless Emergency Winter Shelter Program (\$680,000) ESG - \$217,891 CDBG - \$82,109 SDHC - \$380,000	The Homeless Emergency Winter Shelter Program (HEWSP) provides homeless persons with a clean, safe environment for 120 days. The program provides 1-3 meals per day, shower and sanitation facilities, and furnishings. County and community agencies come on-site so sheltered clients have ready access to services. These services include medical and mental healthcare, job counseling, housing, counseling, and recovery programs. The program provides beds for veterans, single adults, and families with children. The program has provided approximately 400 shelter beds for the last three years. The Team (comprised of 1 police officer, 1 health/human services worker, and 1 psychiatric clinician) conducts street interviews with chronically homeless people and provides housing, legal, and clinical assessments. After the assessment, the client is placed into appropriate housing and is case managed to ensure stability. The Social Services Program funding pays for a portion of the psychiatric clinician. The FY 2009 recommended amount represents no change in funding.
Neil Good Day Center CDBG - \$400,000	The Neil Good Day Center provides centralized intake, case management support, and needs assessments to achieve stabilized self-sufficiency, a data system to prioritize clients on a "most in need" basis for housing placements, basic services, treatment placements, counseling and recovery services. The goal of this program component is to provide programming incentives for homeless clients using outreach and case management-supported services that result in improved self-sufficiency skills, appropriate housing placements and stabilized tenancies that permanently end their homelessness. A Request for Proposal was issued for this program in FY 2008. The results are still pending from the City's Purchasing and Contracting Department. The FY 2009 recommended amount represents no change in funding.
